CHECK-IN

Welcome, I'm Marina and this apartment will be yours until the end of your stay. We kindly ask for your identity cards and the deposit of 100 euros which will be returned to you at the end of your stay if there is no damage inside the apartment. You are welcome, happy holidays.

IDENTITY DOCUMENTS: WHY THEY ARE NECESSARY

The documents are used to verify your identity and to register your names in the registers of the province and in those of the region, this is an obligation that the state imposes on us.

DEFINITION OF DEPOSIT

The deposit is a money deposit that is collected by the owner at check-in and is returned in full at check-out when the owner has verified that the property is not damaged.

HOW TO MOVE

To get around Alto Lario and the surrounding area there are several options: you can use public or private means of transport, by land or by water, which will allow you to easily reach the different locations of Lake Como.

BY BUS

The Alto Lario is served by ASF Autolinee buses. The C10 Como-Menaggio-Colico extra-urban line runs along the entire western shore of the lake up to Colico, the C17 line connects Dongo to Garzeno and the C18 line connects Dongo to Livo.

ASF Autolinee - Timetables and lines

Colico is also served by the Stps buses, with the A02 Chiavenna-Colico and A10 Morbegno-Delebio-Colico lines.

Stps - Timetables and lines

In Colico there is an urban line service carried out by the Lecco Transport Company, to move between the various hamlets of the town.

Lecco Transport Company - Summer timetable (valid from 8 June 2020)

The western bank is crossed by the Palm Express Lugano-Menaggio-St. Moritz managed by PostBus (reservations required, line not open all year).

NAVIGATION

It is possible to move and reach the most famous locations of Lake Como thanks to a network of boats, ideal for tourists who want to peacefully admire the beauty of the lake, and to a fast navigation service consisting of hydrofoils and catamarans. In the center of the lake there is also a ferry service for cars, motorcycles and campers.

ON THE TRAIN

The railway line only covers the eastern shore of Lake Como. Colico is located on the Milan-Tirano line and is the terminus of the Colico-Chiavenna line.

Also in the municipality of Colico, is the Piona railway station, which stops only for local trains on the Lecco-Sondrio line.

BY PRIVATE TAXI

There are several operators that provide private transfer services by car and minivan between the different locations in the Upper Lario and Lake Como.

ON HOLIDAY WITH THE DOG

In Upper Lake Como you can spend a pleasant holiday with your four-legged friend, you will find numerous hotels, campsites and residences that will be happy to host you both. There are several paths where you can walk with your dog, for example along the beautiful cycle paths by the lake or in the Pian di Spagna Nature Reserve (always remember the leash and the sanitary bags).

If you want to visit the lush gardens of the villas on Lake Como (Villa Carlotta, Villa Balbianello, Villa Monastero, Villa Cipressi, Villa Melzi, Villa Olmo) you can easily access them with your beloved (only in the gardens) as long as they are on a leash and in possession of the "dog toilet" bags. The interior of Villa Balbianello is also accessible to small dogs, as long as they are held in their arms or in a special carrier for the duration of the visit. At Villa Vigoni dogs are accepted but are kept at the reception.

You can also access the Piona Abbey complex with your dog, except inside the church and sacred buildings, and the Fort of Fuentes, always equipped with a leash and sanitary bags.

If you decide to travel by public transport, below you will find all the regulations relating to the transport of animals on board.

Lake Como navigation

Dogs can be allowed on board under the responsibility of the owner or keeper. The owner or keeper of a dog must use the leash not exceeding 1.50 meters and carry a muzzle, rigid or soft. The boarding of dogs may in any case be limited or excluded, in the opinion of the Captain, in the event of situations of particular crowding of the vehicle or if the transport of the animal jeopardizes the safety of passengers.

For small dogs (height at the withers less than 50 cm) the transport is free, while for medium and large dogs (height at the withers greater than 50 cm) the transport is paid at a reduced rate 1.50 (single journey) or 3.50 (free movement) without surcharge on express services. Guide dogs for the blind or deaf are not subject to taxation and particular restrictions. For season tickets and conditions of transport for other animals, contact the ticket offices or the toll-free number 800 – 551801

Bus ASF Autolinee

Each traveler with a travel document can bring a small dog with a leash and muzzle or another pet, as long as it is transported in a special cage, always and in any case upon purchase of a travel ticket at the rate in force. During transport, the animal must be kept on a leash, in the arms and with the person accompanying it (never on the seats) and must not disturb travelers: if this happens, the animal will be removed from the bus without this the traveler is entitled to a refund of the tickets.

The transport of animals can be refused in case of crowding of the bus. Guide dogs for the blind are always allowed and their transport is free, unless the blind is assisted by a guide with free travel.

Bus STPS

The transport of animals is allowed only if devices (muzzles, cages, boxes, etc.) have been applied to them so as not to make them offensive or dangerous. Transport of guide dogs for the blind is free of charge. Dogs and other small pets can travel for free if carried in the arms or inside cages or protected containers whose dimensions are less than 55x40x20 cm; larger dogs can access the transport upon purchase of a ticket whose price is € 1.60 for animals accompanying travelers with a white ticket, € 1.90 for animals accompanying travelers with tickets of different colors from white.

Trenord

Free transport is allowed in 1st and 2nd class of dogs, cats and other small pets (maximum 1 per person), kept in the special container no larger than 70x30x50 cm and such as to exclude injury or damage to both passengers than to the cars. The transport of a dog of any size on a leash is allowed, upon payment of the reference rate (equal to 50% of the ordinary ticket for a single journey), if the animal is muzzled and if in possession of the registration certificate. canine registry. The aforementioned transport is allowed on the platform with the sole exception of the time slots from 7.00 to 9.30 and from 17.30 to 19.30 on weekdays from Monday to Friday when transport is prohibited. The time slots do not apply to dogs accompanying passengers with boarding passes, on MXP trains to or from the airport. Guide dogs accompanying blind passengers travel free of charge and without limitations.

SBB railway and Postbus

Small dogs, up to 30 cm tall at the withers, traveling in pet carriers, baskets or other suitable containers, can be transported free of charge in the cars as hand luggage.

For dogs of any size that travelers take with them in passenger cars or luggage, half the 2nd class price or the minimum price (day pass for dogs, GA travelcard for dogs) must be paid.

Cable cars

Dogs are allowed on board only on a leash and with a muzzle. For the rates it is advisable to consult the websites of the various ski lifts in the area (see page "How to get around").

If you want to go to the beach and let your beloved have fun in freedom, the Dog-Beach is located a short distance from the Alto Lario in Dervio, in the locality of Foppa, while in Perledo, on the outskirts of Varenna, there is the Bau Bau Beach Malpensata. They are beaches reserved for dogs where they can move freely, without muzzle and leash, always under the supervision of their owner; a gate prevents dogs from escaping towards the road.

In case of need, you can contact one of the local veterinarians who will take care of your four-legged friend:
